I tried to tell ya there was something wrong
You said that my paranoa was so strong
That the thoughts would pass
And we'd make things last
But inside I knew the fire was gone

Every day feels like some strange pretense
More and more our future just don't make no sense
Don't you walk away
When I try to say
That i'm tired of chasing circles with you
I know you may not share my view

I just can't relate
No need to wait for me
I've made my decision
Really sorry if it's been a waste of your time
All of that love was meant to be forever

Please believe me when I say I care
But what we have is broken down beyond repair
Now there ain't no use
And I can't go through
The pain of starting over again, no, no

As days unfold old habits rise once more
The same old insecurities just like before
Oh don't you walk away
When I try to say
That i'm tired of chasing circles with you
I know you ain't gonna share my view

I just can't relate (Oh I can't really, no)
No need to wait for me
I've made my decision
Really sorry if it's been a waste of your time
All that love was meant to be forever

I just can't relate
No need to wait for me (Don't you wait for me)
I've made my decision

Really sorry if it's been a waste of your time
All that love was meant to be the answer

Sometimes there's no rhyme or reason why
Love begins to wait
No I just can't explain, no
I've tried but living in a lie
Is so much harder, than saying goodbye
I just can't

I just can't relate (Oh no, no)
No need to wait for me (Don't you wait for me)
I've made my decision
Really sorry if it's been a waste of your time (Sorry if it's
been a waste)
All of that love was meant to be forever (And ever, and
ever, and ever, and ever)

I just can't relate (No I can't really wait)
No need to wait for me (Don't you wait baby)
I've made my decision
Really sorry if it's been a waste of your time (Sorry if it's
been a waste)
All of that love was meant to be forever (And ever, and
ever, and ever, and ever)
