Beverley Knight: Who's Gonna Save Your Soul

I have a photograph
Sometimes it makes me laugh
Till I cry
You with your auburne curves
Me with my smile
Right by your side
That was so long ago
You were just five years old
I recall
Feels like it's yesterday
Where does it go
When time slips away
What happened to
The boy I loved
The man I knew
When you hide in the dark
I cain't find you

Who's gonna save your soul
Tonight
Who's gonna show you things
Will be alright
Who will love the ones
You left behind
Don't leave me behind

Last time I saw your face
You were too far away
To see me
Those pretty eyes I've known
All of my life
Somehow had changed
Sometimes the winds do blow
It's cruel that we have to reap
What we sow
Wherever it takes you to
Know in you heart
I'm thinking of you
Don't ever fear

Trust in me
I'll be here
If that bound ever breaks
Let me catch you

Who's gonna save your soul
Tonight
Who's gonna show you things
Will be alright
Who will love the ones
You left behind
Don't leave me behind
