Every time you get a new boyfriend
I don't see you for weeks on end
When I call 'cos I need to talk
I feel like I'm taking up your time

There are things that I can only say
To a woman and face to face
But you're occupied almost every night
I've got a secret and I need advice

Woman to woman
He came and took possession
Now you never come around and talk
Woman to woman
No because I don't matter
Now you've fallen in love

Two is company and three's a crowd
Like my father I'm much too proud
If it falls apart and he breaks your heart
There'll be tears on the telephone again

And where are you when I'm the one who needs
Consolation while my heart bleeds?

Saying, "Look, it's late, can I break our date?"
Did no one tell you that it's give and take?

Woman to woman
He came and took possession
Now you never come around and talk
Woman to woman
No 'cause I don't matter
Now you've fallen in love

Woman to woman
He came and took possession
Now you never come around and talk
Woman to woman
No because I don't matter
Now you've fallen in love

Woman to woman
He came and took possession
Now you never come around and talk
Woman to woman
He came and took possession
You've fallen in love

He came and took possession
Woman to woman
Fallen in love
Woman to woman

He came and took possession
