"Hold On"

Visit "[Hold On](#)" on MotoLyrics.com

When you don't wato face another day
Seems like your life's one big mistake
Failures from your former-self chase you
Listen close so you know what to do
You may not see it and you may not feel it
But I'm holding you tightly
Your spirit is near me

So Hold on, hold on,
It will not be long till it's all over
Child hold on, hold on
Lay your weary head upon My shoulder

The rain is beating down so faithfully
But My love is more faithful, you will see
The winds will show no mercy for your face
But your heart is safe, secure inside My grace
Hold on, hold on, hold on Hold on HOld on no it won't
be
Too long
