Your picture is still on my wall, on my wall  
The colors are bright, bright as ever  
Red is strong and blue is pure  
Some things last a long time  
Some things last a long time

Your picture is still on my wall, on my wall  
I think about you often, often  
I won't forget all the things we did  
Some things last a long time  
Some things last a long time

It's funny, but it's true  
And it's true, but it's not funny  
Time comes and goes  
All of the while, I still think about you  
Some things last a long time

Your picture is still on my wall, on my wall  
The colors are bright, bright as ever  
the things we did i can't forget  
Some things last a lifetime  
Some things last a lifetime  
Some things last a lifetime
