And time, is our greatest friend tonight,
Every second, by my side,
But the time that made this right, will send
You and I on our separate rides
To realize, nothing can change this life
All of this complex eyes,
Remember you're beautiful, cherish this time

(Chorus)
As you fall asleep,
In my arms, you'll believe,
That the greatest time, shared with you and I,
We'll make it if we try,
As we go away,
The miles, will not change,
How close you are, to my heart,
The best can always wait, It can wait

As we, just lay here in the sand,
Say goodbye, hand in hand,
By the ocean that washed from our sight
Our problems that lie nigh,
The ocean now, our goodbye

(Chorus)

As you fall asleep,
In my arms, you'll believe,
That the greatest time, shared with you and I,
We'll make it if we try,
As we go away,
The miles, will not change,
How close you are, to my heart,
The best can always wait, It can wait

And you will fall, (you will fall)
You will fall (you will fall)
Into my arms on this night, we take it away
You will (you will fall)
You will fall
Into my arms on this night, take you away

As you fall asleep, in my arms you'll believe
That the greatest time, shared with you and I,
We'll make it if we try
As we go away, the miles will not change,
So I've got this one, question for you
WILL YOU GO TO PROM WITH ME?!
