"Whom Do You Love"

Your English heart on a Gypsy knee
Who do you love who do you love
Dreaming of passion in the third degree
Who do you love is it me

Enigmatic answers and a distant smile
Who do you love who do you love
Somewhere in your heart did
You lose my file
Who do you love is it me

CHORUS:

You say all right yet I feel
Your intentions waver
And then all night are you doing
Me a favour

Nothing has changed I can hear you say
Who do you love who do you love
Yet shadow in your eyes as you turn away
Who do you love is it me
