Lately things been coming on real nice  
I must admit it's a kind 'o surprise  
But it feels real nice  
I have been thinking about a ring  
Me and my baby, we just got through this thing  
Now ain't nothing can come between

Anything can happen - any day now  
Remember that

You ain't the man, not the man with the master-plan

I saw it coming in a beautiful dream  
Was like nothing else, yet such a familiar theme  
And I think I know what it means

I went down the valley, I went on top of the hill  
Say I made a little wow, not to rest until  
The worried blues lay still

Anything can happen - any day now  
Remember that

You ain't the man, not the man with the master-plan  
nononono

Any day now  
Tonight the moon's so bright and you can hear the  
mockingbird sing  
Feel a little mixed up, wondering what tomorrow will  
bring  
But don't worry 'bout a thing  
Anything can happen - any day now  
Remember that  
Another day at break of dawn, find a reason keep movin  
on

You ain't the man, not the man with the master-plan
