MY LOVE WONT LET YOU DOWN
(Gordon Chambers/Red One)
Oh baby, yeah, yeah, yeah
Somethings been on your mind
And its time to let it out (yeah)
The things weve been going through
Would make any girl scream and shout
But youve been there for me
By my side through thick and thin
Still to my life comes to an end
Ill be your lover and a friend
When the others might say (Cest la vie)
Call me that day (That aint me)
When the going gets tough (I get strong)
I find the strength and I go on
When the others fall
No one left to call (Me you can trust)
I got my feet on solid ground
Because my love wont let you down
Somethings been up with you
But you try to hold it in
Cause youre not saying much of love (?)
Since way back when
Baby, I understand
I wont make no demands
In the middle of the night
On my shoulder you can cry
When the others might say (Cest la vie)
Call me that day (That aint me)
When the going gets tough (I get strong)
I find the strength and I go on
When the others fall
No one left to call (Me you can trust)
I got my feet on solid ground
Because my love wont let you down
People forget how to make a relationship
It takes two to make this special thing go right
Just a selfish got to give your best with no return
Got to love, got to fight, got to pray with all your might
Day or night
When the others might say (Cest la vie)
Call me that day (That aint me)

When the going gets tough (I get strong)
I find the strength and I go on
When the others fall
No one left to call (Me you can trust)
I got my feet on solid ground
Because my love wont let you down
My love wont let you down
Oh no, no, no
My love wont let you down
