This is my life
My own little castle
And you can't just barge in
And shake my world around
But your hair smells like flowers
And your skin is soft

So how can I resist you even if I try?
You make me fall in love all over again
I never thought that you
Could make me feel this way

But you do and there is nothing
I can do to change the way I feel
When the smile is in your eyes
You see right through me

So how can I resist you even if I try?
You make me fall in love all over again
I never thought that you
Could make me feel this way

The thing is not that
Love just freaks me out, no
Don't get me wrong
Because I love love with everything love is about
I'm putting all my trust in someone
She's putting all her trust in me
That just really freaks me out

You make me fall in love all over again
I never thought that you could make me feel this way

You make me fall in love all over again
I never thought that you could make me feel this way
