Ooh  
I'm sitting here by myself again  
I keep on asking but I don't understand  
'Cause all I've ever wanted  
All I need is you  
I'm so alone and I wanna know  
Why you left me  
Where did you go  
'Cause all I've ever wanted  
All I need is you

So hold on to what we've been searching for so long  
And hold on 'cause I know you will  
Feel the same way too  
If we only try again

I remember what you used to say  
I'll never leave you  
I will always stay  
'Cause all I've ever wanted  
All I need is you  
But I know that is wasn't true  
It doesn't matter what  
I'm there for you  
But still I need you  
And I know you need me too

So hold on to what we've been searching for so long  
And hold on 'cause I know you will  
Feel the same way too  
So hold on to what we've been searching for so long  
And hold on 'cause I know you will  
Feel the same way too  
If we only try again

I will always remember you  
I wish for you to feel the way I do  
'Cause I really need you, oh

(Hold on) To what we've been searching for so long  
(Hold on) I know you'll feel the same way too

(Hold on) We've been searching for so long  
(I know you feel it too)  
And now I've, and now I've finally found you  
I will never, never, never let you go  
If we try again  
Why can't we try again
