I'm still standing on my own two feet  
But I can sense the danger, I can feel the heat  
When I'm close to you, when I'm close to you

A twenty-four hour pain  
Since you left me in the rain  
Stop playing games  
What's it all about?

A twenty-four hour nightmare  
Since you told me you don't care  
Standing with my heart  
Torn out on the floor

No woman can break me (break me)  
No woman can shake me  
Nobody but you (oh yeah) can do it like you

I said no woman can choke me  
No woman can stroke me  
Nobody but you (oh no) can do it like you

I'm still standing on my own two feet  
But I can sense the danger, I can feel the heat  
When I'm close to you, when I'm close to you

A twenty-four hour lesson  
Now don't make a big impression  
I guessed for one after lesson number one

A twenty-four hour beating  
When you told me you've been sleeping  
With someone else and start lesson number two

Listen up  
No woman can break me  
No woman can shake me  
Nobody but you (oh yeah) can do it like you

I said no woman can choke me  
No woman can stroke me

Nobody but you (oh no) can do it like you

I'm still standing on my own two feet  
But I can sense the danger, I can feel the heat  
When I'm close to you, when I'm close to you

When I'm close to you my baby

I'm still standing on my own two feet  
But I can sense the danger, I can feel the heat  
When I'm close to you, when I'm close to you

Are you finished yet?  
It's time to stop  
I can tell you this, miss  
I'm about to pop

Oh, I'm about to snap  
After listening to all your crap  
So beat it, beat it, beat it, beat it  
Cause I'm a free man

No woman can break me  
No woman can shake me  
Nobody but you (oh no) can do me like you

I'm still standing on my own two feet (on my own)  
But I can sense the danger, I can feel the heat  
When I'm close to you, when I'm close to you  
When I'm close to you my baby

I'm still standing on my own two feet (on my own)  
But I can sense the danger, I can feel the heat  
When I'm close to you, when I'm close to you

No woman can break me  
No woman can shake me like you

I'm still standing on my own two feet (on my own)  
But I can sense the danger, I can feel the heat  
When I'm close to you, when I'm close to you  
When I'm close to you my baby

I'm still standing on my own two feet (on my own)  
But I can sense the danger, I can feel the heat  
When I'm close to you, when I'm close to you
