I'm sorry to wake you up,  
in the middle of the night,  
just wanted to say to you  
that I'll hope you'll join the ride.  
Just stop and think for a wile,  
that's why I've lived by your side.  
Started thinking by my self,  
these words came to my mind:  
ref: Mama said love is a one way street,  
all you do is follow your feet.  
When you really love someone, there's no way to  
run!(just)  
Listen to your heart and you'll be alright  
Its a feeling you can't fight.  
This is what she said to me,  
this is how it's got to be!  
Our love is a one way street..  
Ever since i first met you,  
from the moment you crossed my way,  
I've had you in my head, talking tweentyfour hours a  
day.  
I feel how strong it's get me,  
thats why I had to close the door!  
Now I'm sitting hear missing you  
so much moore then ever before...  
ref::-:-  
So hey, don't you worry  
Hey, don't be sad and don't be sorry  
Soon we'll be together  
I need you moore than ever!  
chorus: llll need you, moooor then ever..  
Mama said love is a one way street,  
all you do is follow your feet.  
When you really love someone, there's no way to  
run!(just)  
Listen to your heart and you'll be alright  
It's a feeling you can't fight.  
This is what she said to me ooooooh!!
