I know I've been a fool
I guess you hate me bad
And I don't blame you at all
You lost your faith in me that day

But I still love you
And I deserve you
Please forgive me
She didn't mean a thing to me

Blow out my brain
My mind will go insane
I swear it's true
There's no one more than you

I just don't understand
How I could be so stupid
I just don't understand
I didn't know I could be so stupid

Believe me when I say
It wasn't me that day
It's chaos in my head
I hope you hear my pray

But I still love you
And I deserve you
Please believe me
You're the only one for me

Blow out my brain
My mind will go insane
I swear it's true
There's no one more than you

I just don't understand
How I could be so stupid
I just don't understand
I didn't know I could be so stupid
