I don't believe in any longer bus  
It got my motor wrong  
For more than tears she cry  
Then you know  
That it's much to much

So walk from the sky  
Let it rain on me  
I got this sorrow fall down  
So we can wash be clean  
And you know  
That it was much to much

Not coming back again  
No more advice from my so called friends  
And I am coming back no more

Driving away  
You raise the real bill here  
That you fade away  
You start to deal this feel  
That you know  
Babe babe  
Come on

I've been down  
With the love almost flown  
When I got backup  
I got nothing to show  
Show for you  
That it was much to much

I'm not coming back again  
No more advice from my so called friends  
And I am coming back no more

You fooled me for the last time  
I walked away  
For you to make up  
You might take more staring now  
It's telling me out from inside  
And you gotta know

I'm not coming back again  
No more advice for so call friends  
And I'm not coming back any more  
I am coming back no more

Babe, I was pouring around  
I won't be back to kiss you goodnight  
I won't be back and you don't feel right  
I should've known you make fool at me  
Now I was known to know  
I won't be back again  
I won't be back.babe, I won't be back  
I won't be back  
You don't feel right  
I should know you make fool at me  
Now I was known to know  
I won't be back again
