Now who did you ever want to be?  
You snapshot the girl in Tuscany  
I didn't know recommend at the time  
You're acting out of line  
And I don't need you any more  
Seeing something new is what I'm hoping for  
I'm going to lose and go for a ride  
Seeming that I've got time

So let's lie in the sun  
You didn't want the world to know  
That I'm not strong and you'll find out  
How you get what's rock 'n' roll  
So let's swoon and get high  
You know you better come and get right  
But I don't know the [incomprehensible]  
But the best comes back tonight

If it's good that you're gone  
You're hoping you don't stay too long  
You're taking like a fool your better man  
You're taking like a fool tonight  
And some good, some bad  
I'm sticking to the fight we had  
You're taking like a fool your better man  
You're taking like a fool you know

So let's lie in the sun  
You didn't want the world to know  
That I'm not strong and you'll find out  
How you get what's rock 'n' roll  
So let's swoon and get high  
You know you better come and get right  
But I don't know the [incomprehensible]  
But the best comes back tonight

Lean on me  
On the backside, slippin' through the hole  
And I'm dying, I feel that I'm cold  
I am from here  
(Everything gonna be alright)  
I am [incomprehensible], I come up, I call up

So let's lie in the sun  
You didn't want the world to know  
That I'm not strong and you'll find out  
How you get what's rock 'n' roll  
So let's swoon and get high  
You know you better come and get right  
But I don't know the [incomprehensible]  
But the best comes back tonight

So let's lie in the sun  
You didn't want the world to know  
That I'm not strong and you'll find out  
How you get what's rock 'n' roll  
So let's swoon and get high  
You know you better come and get right  
But I don't know the [incomprehensible]  
But the best comes back tonight
