Ooh yeah, yeah, yeah
What we have may not be much
But boy at least it's real, oh yeah it's real
And there ain't no one in this world
Who can turn me away or change the way I feel
Oh the way I feel
What they need to understand
Is when I need you, you're always there
Even with our backs up against the wall
You won't ever let me fall baby ooh

1 -No one can change this heart of mine
I am his and he is mine
No one else will ever do
Half of all that we've been through
Baby we're still here
One no matter what we do
You're for me and I'm for you
Always there through thick and thin

Stick together till the end
Baby I'll be right here, right here

Now I have come to know love
For everything it's worth
For no longer will I search for a man to show me love
Cause you're all I need and more yeah
Now I'm no longer alone
We have weathered many storms yeah
And if tears should fall
You're my shoulder to cry on

Repeat 1

Whoa, whoa
Said I gotta be, see I'm gonna be
Whoa, whoa
Said I'm gonna be, see I got to be
Whoa, whoa
Said I gotta be, see I wanna be there for you
Whoa, whoa
Said I gotta be, I need to be

Repeat 1 till end
