Rock steady and I know you're good,
The kinda loving that you know is good, alright.
Rock steady and I know you're good,
Keep it coming baby mine oh my.

Rock steady and I know you're fine,
The kinda loving you know is mine.
Rock steady and I know you're fine,
Keep it coming baby mine oh my.
The things that you know,
And I'm there, and I'm coming to you.
The things that you say, and I'm right, and it's alright,
alright.
The things that you know,
So come up.

So rock steady and I know you're good,
The kinda loving that you know is good, alright.
Rock steady and I know you're fine,
Keep it coming baby mine oh my.
Rock steady and I know you're fine,
The kinda loving that you know is mine.
Rock steady and I know you're good,
Keep it coming baby mine oh ohh.
The things that you know,
And I'm there, and I'm coming to you.
The things that you know, and I know,
And it's alright alright.
The things that you say,
And I'm there, and I'm coming to you.
The things that you see,
So come up.
