Heard you are alone,
Never on your own.

The way you looked at me that night.
Thought that you were gone,
Thought that you were lost.

The way you looked at me that night.
'N' yesterday won't ever change,
'Cause I'll leave it up to you.
'N' yesterday won't ever change,
'Cause I'm coming back to you.
'N' yesterday won't ever change.

Called you on the phone,
Never be alone.

The way you looked at me that night.
Thought that you were gone,
Thought that you were lost.

The way you looked at me that night.
'N' yesterday won't ever change,
'Cause I'll leave it up to you.
'N' yesterday won't ever change,
'Cause I'm coming back to you.
'N' yesterday won't ever change,
'Cause I'm coming back to you.
'N' yesterday won't ever change.
