[Beyonce] - The cards never lie, my last breath a sigh  
And now I think about if it's my time to die  
I don't know what I was thinking, steady wasting time  
with Hill  
And I need to live my life because my time is  
unforgiven

I can't understand how my life changed around  
Manifest my destiny, is it the brown of the ground?  
Blue skies are turning gray it's the point of indecision  
Believing in the cards  
You might start  
Returning to your vision

[Wyclef] - Oh Girlfriend, get your mind on line  
Don't spend your time cause you can't waste your time  
Everyday like it's your last, But you must fear divine  
Intervention comes and snatch up all your dreams from  
behind

Love!  
You feel it and you got to let them know it  
Love!  
Your heart and that's the feeling that you go with  
If you have a dream you need to go and let them know  
it  
Cause you could wake up in the morning and it could  
be over

[Beyonce] - No, No, No, No  
I don't wanna, I don't wanna  
I don't wanna go  
Just, Just, Just let me stay home  
Let me live my dream, let me see another dawn

No, No, No, No  
I don't wanna, I don't wanna  
I don't wanna go  
Just, Just, Just let me stay home  
Let me live my dream, let me see another dawn

[Rah Digga] - Carmen, don't listen cause the cards  
have deceit  
Just slide him the money, we don't need a receipt  
Truth only exists within the eyes of the beholder  
Plus he's kind of young for fortune telling  
And probably should be older

[Wyclef] - But the cards never lie, I thought I told you  
Now it's her time to try, to reach her goals before she  
reaches the light

[Beyonce] - This is love  
It's like I'm trying to throw my life away  
Sometimes love is all you got and other times it makes  
you pay

[Wyclef] - But when you finally rise  
Then you'll realize

[Beyonce] - The windows to the soul are not the hips  
but the eyes

[Wyclef] - Oh You could wish on the stars but they  
dead, just a light

[Beyonce] - But they shine just as bright as they did  
their entire life

No, No, No, No  
I don't wanna, I don't wanna  
I don't wanna go  
Just, Just, Just let me stay home  
Just let me live my dreams, let me see another dawn

No, No, No, No  
I don't wanna, I don't wanna  
I don't wanna go  
Just, Just, Just let me stay home  
Just let me live my dreams, let me see another dawn
