"Cremation Of The Cross"

Hellfire's blazing
Through the unpure night
Churches left in ashes
Consumed by Satan's might

Thunder and lightening
Flames reaching for the sky
This is the Age of Evil
Men of god shall die

Unholy fuckin' evil
Cremation of the cross

Churches and temples
Are burned to the ground
Demons dancing in the ashes
'Round and 'round

God's men are fleeing
But get trapped in the spell
Triumph of evil on earth as in hell

Unholy fuckin' evil
Cremation of the cross
