Bestial powers straight from Hell
A Mayhemic orgy sound
WeÂ´re all under an Infernal spell
LetÂ´'s bury the posers in the ground

Tonight WeÂ´ll set the Spirit free
The Holocaust is near
Black-winged Demons is all youÂ´ll see
And the sound of Death youÂ´ll hear

The sign of Hell We bear
The oath of Black We swear
WeÂ´re the Legions of the Dark

WeÂ´re blessed with SatanÂ´'s mark
So donÂ´t youi mess with Us!

WeÂ´re Hard as Steel - Hot as Hell
Hard as Steel - Hot as Hell

WeÂ´re the Master, youÂ´re the slaves
Stay out of our lair
Because if you enter, no need for graves
You better die, WeÂ´ll never care
...YouÂ´re skin WeÂ´ll wear...
