You're holding me and i close my eyes
You're whispering and i start to cry
You feel so good, you're so beautiful
For as long as you live, don't let me go

Just hold me, touch me, feel me
as long as you love me
reach for me and need me
If you could trust me and teach me,
never let go of me
because you're half of me, my heart still beats

Lookin' in the eyes, the eyes of love
I hold your face and i see the sun
and i taste your kiss, and you touch my soul
and i'm feeling things i never felt before

Just hold me, touch me, feel me
as long as you love me
reach for me and need me
If you could trust me and teach me,
never let go of me
because you're half of me, my heart still beats

I am feeling what they call pure love
I never knew feelings like this could exist inside of me
I am soaring, emotions exploding
I don't want to live another day if you're not here with
me

Jus hold me, touch me, feel me
as long as you love me
reach for me and need me
If you could trust me and teach me,
never let go of me
because you're half of me, my heart still beats

because you're half of me, my heart still beats

ohh my heart still beats
