(Music and lyrics by Vargher)

I am the one you fear, the shadow in the night  
I move without a sound  
I am the Reaper, you better grip your soul tight  
Your screams send shivers through the ground

I am the Fallen, an angel dressed in black  
The Tormentor, your death  
I am the the Devil's child, I'm ready to attack  
Close your eyes and enjoy your last breath

There is no way out  
I'm coming for you  
There's no escape...  
...from your fate  
I am the Sinner  
The Sinner  
Reaper of your innocence  
I am the Sinner  
The Sinner

Your soul is bleeding, I've raped you from within  
You are doomed to burn in Hell  
Mortal man cannot resist the fruits of sin  
You are doomed to burn in Hell

There is no way out  
I'm coming for you  
There's no escape...  
...from your fate

I am the Sinner  
The Sinner  
Reaper of your innocence  
I am the Sinner  
The Sinner
