Originally performed by Venom

Warhead - hear the thunder roar
Warhead - unite the lightning whore

Power burning - Hell & man
Raging torment - Take my hand
Frenzied motions - Reach your soul
Dance the warhead - Fast of slow

Born of thunder
Raised by fire
Call the heavens

By desire

Screaming furnace - Death of life
Demons calling - Chosen wives
Sabbats charming - Out in lust
Chance the warhead - Win or bust

Warhead - hear the thunder roar
Warhead - unite the lightning whore
Warhead - engraved on flesh & bone
Warhead - born of mortal stone
