I was wrong and now I'm quite
right for people of my kind
it takes a while it takes a lot of time
it's hard for me to realize

that i was dirty and now i'm clean
back to those years as a teen
i remember days of waste
and pouring joy all around me

I should wear you underneath my skin and never let
yuo go-go
you're the sun - you're the sun - yuo're the sunshine
and all I want
is to wear you underneath my skin and never let you go
you're the sun - shine on!

doing things all by yourself... is it living?
... is it loving?
no-one else just by yourself... is it dreaming?
... is it feeling?

I was scared and now I'm fear
less of having you so near
making love just once a year
i didn't mean to be insincere

to be sure we made it clear
i say as i just said: no fear!
enjoy this life is all we have
no doubts no worries about it

i should wear you underneath my skin and never let
yuo go-go
you're the sun - you're the sun - you're the sunshine
and all I want
is to wear you underneath my skin and never let you go
you're the sun - shine on!

doing things all by yourself... is it living?
... is it loving?
no-one else just by yourself... is it dreaming?

... is it feeling?

the universe is there
and you will find you way to reach me baby
'cause you are iron-made so nothing's gonna change
like you did change that way I fell inside - you're the
sun - shine on!

doing things all by yourself... is it living?
... is it loving?
no-one else just by yourself... is it dreaming?
... is it dreaming?

...no-one else just by yourself...
