[Mc Chaos]

Don't Be Afraid
I'm Near To Your Bed
I Will Stay Here
With You All Night Long

Don't Be Afraid
I'm Near To Your Bed
I'll Keep Your Hands In
Mine All Night Long

A Father Will Always Give You The Best
A Father Is Present When His Little Boy
Wants To Be Helped
In His Eyes
A Father Could Give This Life
To Save His Own Son

Don't Be Afraid
I'm Near To Your Bed
I'll Sing This Song For
You All Night Long

Don't Be Afraid
I'm Near To Your Bed
I Promise I'll Be With
You All Night Long

A Father Can Feel When His Boy Is Afraid
A Father Can Feel When His Fate
Comes To Take Him Away
A Father Can See What Is There In His Eyes
A Father Could Give His Life
To Save His Son Right Now !

But I Have To Win
The Pain That I Feel !
There's Nothing To Worry About
So Let That Feeling Stand
So Let That Feeling Stand...

A Father Can See What Is There In His Eyes
A Father Could Give His Life
To Save His Son Right Now

[During the meeting King Wild Tribe expressed to all the others kings his great disappointment. So, while Mc Chaos was breaking the most important law of the Dream League, he showed me his reign and make me believe that everything was under control. What was he thinking ? Was he so sure of his dirty means, playing me such a treachery ? Look at these pictures ! This is a human, sitting at a control station like a normal Twin Spirit ! " Suddenly he was interrogated by the president Maindream, that with extreme determination started to expose the final judgement...]
