Lasciami andare, non mi stringere pi?  
you've asked me to hold you but the holding is through  
Ti ho visto leggermi la mente, era un dolore  
sconvolgente  
perch? non provi a fare un po' pi? piano dai.

Mi camminavi tra i pensieri e non negarlo perch? c'eri  
perch? non provi a fare un po' pi? piano.

La mente ? debole, lo sai  
e prima o poi la romperai

Lasciami andare non mi stringere pi?  
you've asked me to hold you but the holding is through

I saw you looking into my brain and that was giving me  
so much pain  
why don't you try to be a little softer

I found you walking through my best thoughts, I don't  
like it,  
it was painful, why don't you try to be a little softer

La mente ? debole, lo sai  
e prima o poi la romperai

Lasciami andare non mi stringere pi?  
you've asked me to hold you but the holding is through
