Now...here in my fortress
why...am i here again?
if i ask for forgiveness
won't make this go away.

i realize all of my mistakes
i wont turn my back
there was a chance you would take
stand in flames all again

waste my time
stay away from me
waste my life
think of what it could be
waste my hate
all things you fake
just a mistake
wasting my time

as i stand in flames

burning inside
my damn pain
eating my insides
there so much that
time will not erase

waste my time
stay away from me
waste my life
think of what it could be
waste my hate
all things you fake
just a mistake
wasting my time

bridge

so why me?
i used to hold you
so why here?
one last time

so why me?
so why the fuck me?
