The place for my Heart c2009
written by jimmy Henterly
Verse 1

There's something that you should know
On any road a road high or low
I'll be standing, open handed
Heaven won't see us apart
I'm living a dream
It's so much more than it seems
Won't you come and spend your life with me

chorus

When I tell you
I love you...
Babe it comes from
The purest part of my soul
Please believe me,
I've never felt such emotion before
It's true
In you
I've found a place for my heart

Verse 2

Just touch me again
Let's start a kiss that won't end
You're my friend, and my lover
The angels can't pull us apart
Now that you've heard
In so many words
Won't you come and spend your life with me

chorus

When I tell you
I love you...
Babe it comes from
The deepest part of my heart
Please believe me,
I've never felt such emotion before

It's true
In you
I've found a place for my heart
Verse 3

Where ever we go
On any road high or low
Through the darkness, through the sunlight
Heaven won't pull us apart
We're living a dream
Let's drift together downstream

Won't you come and spend your life with me
Won't you come and spend your life with me
Won't you come and spend your life...
with me.....
