Listen to my heartbeat whenever you're near me
I get so nervous I can hardly breath
Cause Baby you're so hard to read

[Chorus:]
I'm about to go crazy
Babe you know that you amaze me
Oh I need you so
I just need to know
You and I together
Could this be forever?
Oh I need you so
I just need to know

So Confused about what to think
Are you real or just a dream?

Open up and let me see
If you and I are meant to be

[Chorus]

Feel so happy when you're around
I was lost but now I'm found
You know I love you
Do you love me too?
Oh do you love me too?

[Chorus]

[Bridge:]
Interrupting all my sleeping
Just of you that I've been thinking
Oh my heart is beating
Oh my soul it is sinking

[Chorus]
