I've been burdened with blame
Blame I don't deserve
It's not going away
And now it's your turn
But i'm turning away
There's nothing you can do
I found out too late
But now I've seen the truth

You're all the same
You compare, you compile
And everything's changed
I've figured it out

Now I know
Who to trust, to believe
I won't fake it anymore
Now I know
The way you look at me
I can't do this anymore

I thought you'd always be there
Oh how I was wrong
Cause you don't even care

I wish I knew all along

It's so unfair
And it's such a shame
After all this time
It's ending this way

Now I know
Who to trust, to believe
I won't fake it anymore
Now I know
The way you look at me
I can't do this anymore

Anymore
I won't look back anymore
I can't take it

I won't fake it

Cause now I know
Who to trust, to believe
I won't fake it anymore
And now I know
The way you look at me
I can't do this anymore
