Love is all you need
so they say
if you don't have love
you don't have anything
so she spends her days
just waiting for it
knowing one day it will change it all

you can do anything
so they say
you've just gotta try
harder every day
so she spends her days
just trying again
knowing one day it will change it all

but until then she's lonely and tired
tired of waiting around
until then she's wishing he'd find her
but she doesn't know how to be found
and she cries

every night
telling herself it's alright

don't give up now
so they say
everything happens for a reason
so she spends her days
just wondering
knowing one day it will change it all

but until then she's lonely and tired
tired of waiting around
until then she's wishing he'd find her
but she doesn't know how to be found
and she cries
every night
telling herself it's alright
and she tries
to get through the fight
telling herself it's alright
