I have not seen you for a long time
When the fragrance of your voice filled the air.
Oh, you bring out the child in me.
Your presence is a prayer.
Blessed are you. Blessed is the fruit of your womb!
Who am I that God should come to me in you?
A child leaps from deep within me, reaching towards
the truth.
I see Christ, I see Jesus within you.

My soul proclaims the greatness of the Lord.
I rejoice in he who blessed me, God my savior.
Oh, from now on, when you remember me, remember
God's great mercy.
He has looked upon my soul, little and lowly.
He has turned a one-room house into a palace for a
king.
God has done great things for me; his name is holy.
You see Christ, you see Jesus within me.

Look how God has chosen to reveal his soul,
In each of this own children you and I, young and old.
We must cherish Jesus' presence in every human life.
The first to worship Jesus was John, the unborn child.

Blessed is the presence of Christ, found within you.
Lord, these tears of joy reveal my gratitude.
Blessed are you who believed that what god spoke to
you was true.
I see Christ, I see Jesus
Infant Jesus, crucified Jesus, risen Jesus
Beautiful Jesus, within you.
