"Pursue Me"

Visit "[Pursue Me](#)" on MotoLyrics.com

Was that you, Lord, calling to me?
A voiceless word within me speaks
And you declare what you desire
To have my heart with you forever

I'm so afraid to die, O God,
To lose my life, to choose the cross
But when I fall in love with you
Then I will rise to life anew

Pursue me, Lord
Pursue me, Lord
Pursue me, Lord
I'll let you lead

Then you stretched your loving arms
Across the world into my heart
Why do I run from the love
You love to give the love I seek

I did not choose you have chosen me
To go bear fruit abundantly
I did not choose you have chosen me, O God
In your mercy
