Why should the world believe?
Why should the unloved believe in love?
Am I living a consecrated life
To reveal the True Presence to a world that denies it?
Do I live a life of such love
So as to be a reason to believe?
Live a life of such
So as to be a reason to believe.
What good is the miracle if you do not change your
life?
Is not the real miracle when you become the living sign,
When your heart changes from water into wine,
What all that sustains you becomes the Body of Christ?
Do you dare to live a life of such love
So as to be a reason to believe?
Live a life of such love
To be a reason to believe.
I become His hands,
I walk with His feet.
Transubstantiation must occur
With each person that I meet.
Thy kingdom come and live today in me.
So I live a life of such love
So as to be a reason to believe.
Live a life of such love so as to be a reason to believe.
