[Levitti]

Whoa, whoa, whoa yeah

Whoa, whoa, whoa yeah ooh

[Hook: The Click & Levitti]

Ya say ya wanna baller

Say dat den (I wanna baller)

What kind of girl is you

Den say dat den (I'm a boss)

Ya say ya ready to holla

Say dat den (Hundred dollar)

What's got into you

Den say dat den (I'm a baller)

Is it because of my money

Say dat den (Yeah)

Is it because of my fame

Den say dat den (Yeah)

Is because I'm a baller

Say dat den (Uh huh)

That ya hardly say my name

Den say dat den (Say dat den)

[D-Shot]

You hollered at me, ya like the way I hold fame

You choose me, you like the way I spit game

Feelin' me, the way that I chewed the mic

You sendin' letters with ya eyes like a flyin' kite

Them leather pants, thick like potato skins

Conformation, confirmed by a pimpin'

You know what cha' gon' do, what cha' gotta do

Get naked in the bed with my whole crew (With my whole crew)

[B-Legit]

I be in it, with four new pennants and two lieutenants

We spin it, this cash be as green as this spinach

We win it, before you start it we finish it

Diminish it, and like my nephews we be in the shit

I'm known to get in ya dome like perms do

Too bad, ya all in my path that burns you

You hate and move like snakes and worms do

And when we, me and us three I turn two

[Hook]

[E-40]

Den say dat den, say dat den, say dat den
In the middle I'm twerkin' jerkin' perkin' and drinkin' gin
Posted up me and my friends chokin' and smokin' the
hemp
Chocolate and light-skinned tenders
Legs open like who's gonna rap up and tend this at the
apartments
One or two, three, four attendants, the whole complex
Soldiers, and bosses, lieutenants be causing
turtlenecks
Flossin' like we was some dentists, and then it's

[B-Legit]

The world bounces, I got mine first by movin' ounces
Pronounces, the prices and pitches
Now all hella bitches hit this 1-800 like we done it, you
fund it
The we can ride out and be lil' blunted

[D-Shot]

Sometimes I know that I'm way up outta line
They got me bossin' throwin' green up in the sky
They say I'm arrogant but playa that's just me

[B-Legit]

I pops it off from the left

[D-Shot]

Indulgin' in the real D

[Hook]

[E-40]

I'm in yo city like B-Legit and Levitti (Levitti)
You ain't the best lookin' thing in the world
But it's ya attitude that make you look pretty
Cause those sedity girls be ugly inside
Gold diggin', out to get the fetti just along for the ride
But I'm a P.I. like her motivation when we roll, watch ya
clown
I throw her back in the air and break her before she hit
the ground man
You can find me in Las Vegas standin' next to the
Bishop and you man

[Suga T]

All my ladies respective, I check it, resurrect it
Back from the dead but never died but now I'm still
connected
Never sweat it, the money and cars I collect it
By any means necessary cause I'm a get it
I stay fitted while niggas be tryin' to hit it
And get it, and play with it
I boss, from the Far East to the Bay with it
And if it's pay with it you can look but can't lay with it
And bring the Tanqueray when you visit

[Hook: repeated till fade]
