(Shannon)

I know you wanna come over
You can come over

(Shannon)

Baby I'm alone tonight
And I wanna feel alright
You already know what I like, boy
[Dawn]
If you come over

(Aubrey)

I'ma lay it down so right
You'll literally blow your mind
Baby just relax your mind
You know
[Dawn]
Whenever you come over

(D.Woods)

Ain't nobody thinkin bout leaving
'Cause we got each other I need it
You can stay until the morning
[Dawn]
I love it when you come over

(Aundrea)

Cause I don't want to wake up alone
Baby, I've been checking my phone
Boy you belong here
[Dawn]
When you come over
