You were the sun to me  
And told me I was the world  
Live around your man  
Just stitch you with their return  
I wished the promised love  
Until it turned into dust  
And it was... I saw it., it won't last

Chorus

My dream was made of you  
... clouds sky and balloons  
And it was... that I found out  
Who didn't know a thing about the truth  
You can look in my eyes  
Cause all your promises fade away  
... need time to realize what you did to me  
Had a funny start  
You said you are a galaxy a galaxy a galaxy  
I had a galaxy galaxy galaxy

... your words just float in the air  
Like ain't no gravity no wax no... here  
You promise me the world  
But I am just lost in the space  
Didn't know your lies  
I got my own milky way  
Chorus

My dream was made of you  
... clouds sky and balloons  
And it was... that I found out  
Who didn't know a thing about the truth  
You can look in my eyes  
Cause all your promises fade away  
... need time to realize what you did to me  
Had a funny start  
You said you are a galaxy a galaxy a galaxy  
I had a galaxy galaxy galaxy

I am on a spaceship baby  
I am on a spaceship baby

If you think I am falling for you  
I won't be calling for you ever again

You can look in my eyes  
Cause all your promises fade away  
... need time to realize what you did to me  
Had a funny start  
You said you are a galaxy a galaxy a galaxy  
I had a galaxy galaxy galaxy  
You can look in my eyes  
Cause all your promises fade away  
... need time to realize what you did to me  
Had a funny start  
You said you are a galaxy a galaxy a galaxy  
I had a galaxy galaxy galaxy
