Picture This

After a thousand words said
We still couldn't undersand
What was in each others heads
Complete content some rised to sunset
So fly like stars,
You were everything I wish for
But yet you made time
To speak your mind
If I wasn't pleasing you,
Took my love in vain
I was bleeding only one night
I held your pillow close wishin
I was squeezing you, it's crazy
We can only see the bad times
When were together
And remeber the good
When were apart
If we throw our love away
Does that bring us back to the start
Time heals all wounds
But I can't move my mouth
Is our flame not still their
If seeing u it lights a spark.
Picture this
After a thousand words said
We still couldn't undersand
What was in each others heads.
