I'll be the other one....
I'll be the other one....
I'll be the other one....
I'll be your secret lover

[Verse One]

Now I'm home alone
When I got you on the phone
And your telling me you'll leave before she gets home
I put the door lock
I put your toothbrush out
Un-tucked the sheets
And I wait to hear the door knock

[Pre-Chorus]

And I ain't wondering if she ever found out
And now she taunts me when she kisses you on the
mouth
Her name is on your lips
When ya, when ya, show enough
I'll be that other one
That see, see, see

[Chorus]

I'll be, I can be your secret lover
I'll be, I can be undercover
I'll be, I can be your secret lover
I'll be, be

[Verse Two]

We got a secret
That no one knows about
I can't tell them how I feel 'cause she might find out
When he touches me
It's more real than anything
And I'm hurting 'cause she's the one wearing the ring
We both know
We shouldn't be together
How could
Something so wrong, feel so good
Better than ever?
And in the middle of making love

We check the time
We get nervous 'cause we know it's a quarter past nine

[Pre-Chorus]

And I ain't wondering if she ever found out
And now she taunts me when she kisses you on the
mouth
Her name is on your lips
When ya, when ya, show enough
I'll be that other one
That see, see, see

[Chorus]

I'll be, I can be your secret lover
I'll be, I can be undercover
I'll be, I can be your secret lover
I'll be, be

[Verse Three]

I see you out with her
As I walk across the street
We pass each other and you act like you don't notice
me
I know why you did it
It just hurts a little
'Cause I know that I'm your...
I'm your little secret
We both know
This is too much for us to handle
We can't let go
It's too much for us to let go, so
We carry on this addiction of
The love in us
And hope that you and I
Never ever get caught

[Pre-Chorus]

And I ain't wondering if she ever found out
And now she taunts me when she kisses you on the
mouth
Her name is on your lips
When ya, when ya, show enough
I'll be that other one
That see, see, see

[Chorus] (twice)

I'll be, I can be your secret lover
I'll be, I can be undercover
I'll be, I can be your secret lover
I'll be, be

[Breakdown]

We got a secret rendezvous going on
She loving you
When you're loving me 'til four in the morn'
Living a double life her in the day
Me in the night
I'll be your key to the world
To let you out tonight
You creep in around ten
Leave 'round six a.m.
I wanna know the next time
That we meet again
We've got a real
Love triangle going on
I can see why they wrote the song
"Me and Mrs. Jones"

[Chorus] (twice)

I'll be, I can be your secret lover
I'll be, I can be undercover
I'll be, I can be your secret lover
I'll be, be
