I remember the days when your love was enough for me
Back when trusting the words that you said came naturally
Now the status of me and you has changed drastically
'Cuz your a lying you cheap thing you trying to come back to me
When you're telling me

Baby I was working late (yeah right)
Or I got a flat tire (yeah right)
I'm telling you the honest thing (yeah right)
Or you're house caught on fire (how do you come up with these things)

One more excuse from you don't know what I'm goin do
One more apology that you don't really mean
I hear you begging you telling me you love me
Keep that, I don't need that

[Chorus]
I know you're sorry (who cares)
Didn't mean it (who cares)
Don't know what happened (who cares)
And won't repeat it (who cares)
You can take all of your stories and take all your explanations
you can shove it where the sun don't shine 'cuz I don't care
(I don't care)(I don't care)(I don't care) 'cuz I don't care
(I don't care)(I don't care)(I don't care) 'cuz I don't care

I'm not accepting no roses cards candy and no teddy bear
Don't bother wasting your breath or my time I'm not interested
You shoulda known that eventually I'd grow tired of this
You're coming in with those lipstick smears and finding earrings in your whip, you're telling me

You were hanging with your friends (yeah right)
Lost track of time you're phone went dead (yeah right)

Promise you I'll make it up (yeah right)
But you're tired when I want some love (how do you
come up with these things)

One more excuse from you don't know what I'm goin do
One more apology that you don't really mean
I hear you begging you telling me you love me
Keep that, I don't need that

[Chorus]

I know your sorry boy (who cares)
Didn't mean it (who cares)
Don't know what happened (who cares)
and won't repeat it (who cares)
You can take all of your stories and take all your
explanations
you can shove it where the sun don't shine 'cuz I don't
care
(I don't care)(I don't care)(I don't care) 'cuz I don't
(I don't care)(I don't care)(I don't care) 'cuz I don't care

[Bridge]

Why did you have to do this?
Everything was cool until you changed the way you
move
Now what we had is ruined
But what you did it doesn't matter cuz I don't care

[Chorus]

I know your sorry boy (who cares)
Didn't mean it (who cares)
Don't know what happened (who cares)
you won't repeat it (who cares)
You can take all of your stories and take all your
explanations
you can shove it where the sun don't shine 'cuz I don't
care
(I don't care)(I don't care)(I don't care) 'cuz I don't care
(I don't care)(I don't care)(I don't care) 'cuz I don't care
