I, I reflect the light
I'm that goddamn noose so warm and tight
And I'm buried in a gallery of failures

Oh I'm the fluid in your veins
I'm the black star in your blood red sky
Oh and I'm stricken with a mouthful of poison

Oh I am one with misery
Is someone out there 'cause this life is killing me?

So I try to see the light
With the demons begging me to die
How do I trust the light?
How do I trust the light?

Come and take all this hate
(Come take this hate)
Come and burn it away

Be the one that I crave
(The one that I crave)
Redeemer
Be the one that could save

I'm the bastard in your cries
I'm the one who's always crucified
All alone, feels so self destructive

An appetite that won't subside
Tragedies that multiply
Oh and still feeding that goddamn addiction

I am one with misery, yeah yeah yeah
Someone be there, life is killing me

How can I be bound to this pain
How can I be bound to this fate
Goddamn you, goddamn you all

Come and take all this hate
(Come take this hate)

Come and burn it away

Be the one that I crave
(The one that I crave)
Redeemer
Be the one that could save

Come take all this hate
Come and burn it away, away

Come and take all this hate
(Come take this hate)
Come and burn it away

Be the one that I crave
(The one that I crave)
Redeemer
Be the one that could save

The one that could save, oh yeah
Redeemer
