(Jim Lauderdale/John Scott Sherrill)

Let's take a rest  
Your kisses take my breath  
You are the best  
It's never been like this

He used to say that to me  
Over and over so sweet  
Tell you he'll never leave  
He used to say that to me

It thrills you so  
When he whispers soft and low  
Please hold me tight  
I need your love tonight

He used to say that to me  
Over and over so sweet  
Tell you he'll never leave  
He used to say that to me

I'm yours, he sighs  
And he means it at the time  
But someday, he'll go  
If you're wonderin' how I know

He used to say that to me  
Over and over so sweet  
Tell you he'll never leave  
He used to say that to me

He used to say that to me  
Over and over so sweet  
Tell you he'll never leave  
He used to say that  
He used to say that  
He used to say that to me  
Over and over
