(Jim Lauderdale/Frank Dycus)

Normally, I go through each day like everything is fine
Till they ask if I still love you, I said no
It's been a whole week now, since I told myself that
same old lie
Sometimes, it hits me so hard, I wanna lay down and
cry

Sometimes, there's nothing to do but think of you
Sometimes, it drives me right out of my mind
I'm almost to the point of finding that it's no use
I always want to see you sometimes

Usually, I try to sleep at night, like I never cared
But I'm always waking up and looking around
At the empty room that's telling me you're still really
gone
Well, I don't need a bad dream telling me what's wrong

Sometimes, there's nothing to do but think of you
Sometimes, it drives me right out of my mind
I'm almost to the point of finding that it's no use
I always want to see you sometimes

Sometimes, there's nothing to do but think of you
Sometimes, it drives me right out of my mind
I'm almost to the point of finding that it's no use
I always want to see you sometimes

Sometimes, there's nothing to do but think of you
Sometimes, it drives me right out of my mind
I'm almost to the point of finding that it's no use
I always want to see you sometimes
