I see you fallin' for that uptown girl

 Temptations callin'
 It's an uptown girl.
 No kid from the neighborhood could ever be any good
 For an uptown girl
 Uptown girl
 Uptown girl.
 You better face it
 She's an uptown girl.
 Your kiss is wasted on an uptown girl.
 She'll leave you to wonder why - love is only an easy lie
 To an uptown girl
 Uptown girl
 Uptown girl.

Her style's a cool sophistication

Her smile's a dangerous persuasion.
She's fascinating
She's an uptown girl.
She'll keep you waiting
She's an uptown girl.
You'll never get near enough to ever get serious
With an uptown girl
Uptown girl
Uptown girl.

@
No chance she means a thing she's saying

Romance is just a game she's playing.
You better face it she's an uptown girl. . . .
Uptown girl
Uptown girl
. . .
