(Doug Swander/Danni Leigh)

Weren't you the one

You've been throwing stones upon my bedroom  
window pane  
Standing in the rain at midnight, calling out my name  
Sittin' on my doorstep cryin'  
Trying to make me think you're dyin'  
I'd be a fool to think it's true

Weren't you the one who walked yourself right out the  
door  
Said you're never coming back no more  
Didn't even give one reason why  
You said goodbye  
Weren't you the one who said I was your one and only  
The same one who left me lonely  
Weren't you the one

You've been making gestures like there ain't no  
yesterday  
Playing on my heart, as if you never went away  
Thinking you still own my kissin'  
Honey, you go on, keep wishin'  
Ain't nothing further from the truth

Weren't you the one who walked yourself right out the  
door  
Said you're never coming back no more  
Didn't even give one reason why  
You said goodbye  
Weren't you the one who said I was your one and only  
The same one who left me lonely  
Weren't you the one

Weren't you the one who said I was your one and only  
The same one who left me lonely

Weren't you the one who walked yourself right out the  
door

Said you're never coming back no more  
Didn't even give one reason why  
You said goodbye  
Weren't you the one who said I was your one and only  
The same one who left me lonely  
Weren't you the one

Weren't you the one  
Didn't you say goodbye, baby  
Weren't you the one who walked out  
Weren't you the one
