Twas a fairy in my pint of rum  
I seen her winking at me  
She became more real with every drink  
So I drank to set her free  
I finished my bottle she came right alive  
I tasted her lips so sweet  
They said I was kissing Billy O'Brien  
They threw my ass to the street

Twas a leprechaun in my tankard of beer  
I heard him whisper to me  
He promised me gold more than I could hold  
If I would just drink him free  
I drank the ale to the very last drop  
And he handed a fortune to me  
They said I was robbing poor Billy O'Brien  
They threw my ass to the street

I gotta quit drinkin  
I gotta quit drinkin  
I swear I tell you no lie  
I'm gonna quit drinkin  
I'm gonna quit drinkin  
I swear on my dear mother's eyes

We been best friends for many a year  
And jail is hopeless to me  
I'm gonna quit drinkin  
I'm gonna quit drinkin  
Now Billy have pity on me

I was drinkin a bottle of Irish whiskey  
A unicorn I did see  
She told me she'd take me to fame and fortune  
If I could just drink her free  
I finished the bottle and jumped on her back  
And up to the the door we did flee  
They told me I was mounting poor Billy's young wife  
So they threw my ass to the street

I gotta quit drinkin  
I gotta quit drinkin

I swear I tell you no lie  
I'm gonna quit drinkin  
I'm gonna quit drinkin  
I swear on my dear mother's eyes

We been best friends for many a year  
And jail is hopeless to me  
I'm gonna quit drinkin  
I'm gonna quit drinkin  
Now Billy have pity on me

I sat in a pub sipping one day  
When a bottle of wine called to me  
A pretty young genie all scantily clad  
Was promising favors for free  
I purchased a bottle and gave it to Billy  
He drank all the wine straightaway  
He kissed his genie, they both disappeared  
And they've never been seen to this day

I gotta keep drinkin  
I gotta keep drinkin  
There must be some magic for me  
I'll drink every bottle  
I can't stop to dawdle  
I just gotta set them all free

I gotta keep drinkin  
I gotta keep drinkin  
Remember the genie so sweet  
I know I could free her  
The next time I see her  
If they'd stop throwing my ass to the street
