I feel so calm tonight
like I'm floating into space
I feel my anger now
vanishing without a trace
I feel so weak tonight
i'm no longer in control
I feel so different now
that it's time to face my soul
You gave me the time
to change the memory
But if i forget myself -
Will you remember me?
Will you remember me?
I feel so bright tonight
like i'm glowing in the dark
I feel so distant now
burning like the smallest spark

I feel so weak tonight
like i'm hardly even there
I feel much older now
but i'm still too young to care
You gave me the hope
that this was meant to be
But if i forget myself -
Will you remember me?
Will you remember me?
I feel no fear tonight
I feel no pain
I don't know what i feel
or hope to gain
Will you remember me
