I gave you my everything
I gave you all my time
I never knew that love would bring
Pain into my life

You broke my heart again
When you told me lies
I can't stand to look at you
Boy, you've got to tell me

Why?
Why you had to take so much from me?
'Cause you were taking me for granted
(It's my life)

It's my life
And you were just attracted physically
I'm gonna get you back

I've got to get into your mind
(Get into your mind)
Until I get you back
I won't be satisfied

I've got to get into your head
(Get into your head)
But don't want your love
I want your soul instead

Feels like I've woken up
And now I see the light
You thought I'd be broken up
Tossin', turnin' every night

All that I want from you
Is what you took from me
Now I want everything
Boy, you got to tell me

Why?
Why you had to take so much for free?
When I was tellin' everybody

(You were mine)
You were mine

I guess this is the way it has to be
I'm gonna get you back

I've got to get into your mind
(Get into your mind)
Until I get you back
I won't be satisfied

I've got to get into your head
(Get into your head)
But don't want your love
I want your soul instead

I've got to get into your mind
(Get into your mind)
Until I get you back
I won't be satisfied

I've got to get into your head
(Get into your head)
But don't want your love
I want your soul instead

Dig it out now, ooh
Boy, you got to tell me

Why?
Why you had to take so much from me?
'Cause you were taking me for granted
It's my life
(It's my life)

And you were just attracted physically
I'm gonna get you back

I've got to get into your mind
Until I get you back
I won't be satisfied

I've got to get into your head
(Get into your head)
But don't want your love
I want your soul instead
(I want your soul instead)

I've got to get into your mind
(Oh, yeah, yeah)
Until I get you back

I won't be satisfied
(I won't be satisfied)

I've got to get into your head
(Yeah)
